Welcome!

Welcome—or welcome back—to classes at St. Andrew's College. Whether you are studying at a distance or coming to campus to take classes face to face, we are looking forward to exploring our faith and ministry together with you. A large part of this exploration is done in an academic setting.

Our degree and diploma programs are designed to provide theological education through a cohesive program with course-based, self-directed, and integrative components. The curriculum focuses on integration of:

- Theory and practice
- Church and society
- Theological disciplines
- Self and vocation
- United Church of Canada identity and ecumenical cooperation

Our goal of making theological education as widely accessible as possible is met through a variety of modes of course delivery: **1) Intensive courses** taught by Faculty in 1 to 3 week blocks, or in a 'split intensive' mode such as on consecutive weekends. **2) Semester-long courses** taught in Saskatoon by Faculty in a '**face to face**' format. **3) On-line courses** using a platform such as Blackboard, which enables students to work together in discussion and on projects, supervised by an on-line instructor and/or Faculty member.

Another goal of the curriculum is to respect your individual learning needs and styles as an adult student and your life circumstances. Whether you are a part-time or a full-time student, distance or intramural, you will work with a Faculty Advisor throughout your program to enable the best possible learning.

This specific handbook outlines the current MDiv and Dual Degree (BTh + MDiv) academic policies and procedures. Please refer to the Resources and Policies handbook for additional College policies and procedures. All members of the Faculty and the Registrar are available for consultation on these matters; your first contact should be with your Faculty Advisor. Please do not hesitate to contact us if you need to discuss any issue outlined here. A full list of useful contacts is available in Section Four.

In March 2009, St. Andrew's College became an Affirming Ministry – a network of United Church congregations that publicly affirm and support people of all sexual orientations and gender identities. Affirming Ministries provide information, acceptance, support and justice making for people of all sexual orientations and gender identities. They declare in words and actions, that God loves and accepts people who are gay, lesbian, bisexual or transgender. And they call upon the rest of the church and society to do the same.

SECTION ONE: Admission Requirements and Program Information

1. General Admission Information

In addition to academic requirements for admission to any program, an applicant's personal qualifications, references, etc. will be considered in the admission procedure. For a student to be admitted to St. Andrew's College, the College must be satisfied of their academic, vocational and psychological fitness, and that their financial means are adequate. The College may place a student on probation or, if warranted, may discontinue a student for any of these reasons. In the case of students in the candidacy process for ministry, such actions will be taken only in full consultation with appropriate courts of the church.

Application forms and the process regarding submission for the MDiv and Dual Degree Program (BTh + MDiv) are available on our website www.standrews.ca in the "Programs" tab.

Application Fee: \$75 (non-refundable)

Application Due Date: Applications are accepted on an on-going basis, but in order to begin studies at the beginning of the academic year in September, the application and all supporting documents must be received by St. Andrew's College by April 1. If the application and supporting documents arrive after April, there is not a guarantee that the application will be reviewed in time to admit the student for the fall term.

Transcripts: Official transcripts must be sent directly from the institution to St. Andrew's College. They cannot be copies of the official transcripts.

2. Dual Degree Program (Bachelor of Theology & Master of Divinity)

Program Goals and Admission Requirements

The purpose of this degree is to offer a program of study in Christian faith and formation for ordained ministry that integrates undergraduate preparation, post-graduate study and experience in ministry.

Program Goals:

At the end of the Bachelor of Theology-Master of Divinity degree program, students should be able to:

- 1) Express faith through practice and critical reflection on one's self in ministry and the world
- 2) Demonstrate competence in justice-oriented ministry leadership in congregational life, the church, community and the world
- 3) Critically analyze and engage contemporary moral issues and ethical stances in our diverse, complex, and globalized society
- 4) Articulate the contexts of production and reception (including in modern faith communities) of biblical texts
- 5) Articulate and interpret key Christian theological concepts accessibly
- 6) Critically interpret and appropriate the history of Christianity (including The United Church of Canada)

Admission Requirements:

- Applicants who have completed Grade 12 and have not completed a post-secondary education program are invited to apply for admission to the Bachelor of Theology-Master of Divinity dual degree program. Such applicants must apply to and be accepted in a Bachelor of Arts or Bachelor of Science degree program at a recognized university, normally the University of Saskatchewan, and then apply for admission to the dual degree BTh-MDiv program. Successful applicants will be admitted to the BTh program with provisional acceptance into the MDiv program.
- Students will take the first two years (60 credit hours) of the BA/BSc degree concurrently with the first year of the MDiv program (30 credit hours) for a total of three years of study. This program may be taken over a longer period of time, if desired.
- Upon completion of 90 credit hours, students are granted the degree of Bachelor of Theology by St. Andrew's College and are admitted to the Master of Divinity program with 30 credit hours of advanced standing, and complete the Master of Divinity degree according to the usual requirements – an additional 60 credit hours – for a total of 150 credit hours. Students are granted the degree of Master of Divinity, upon completion of the additional 60 credit hours and all program requirements.

Students wishing to complete a university Bachelor of Arts or Bachelor of Science degree would normally complete an additional 30 credit hours of courses at the university and fulfill all program requirements of the university, possibly including the renouncing of the BTh degree. Students must consult with the relevant university about those requirements: St. Andrew's College does not have a cooperative agreement with any university for this program, although the college expects students will normally enrol at the University of Saskatchewan.

Applicants with significant life experience

Applicants with significant life experience and/or some previous post-secondary education are welcome to apply to this dual degree program. However, applicants to this program will not be eligible for Prior Learning Assessment or Advanced Standing with Credit additional to what is already built into the program. Students may apply for up to 15 credit hours of previous undergraduate courses to be transferred into the BTh portion of the program, and up to 9 credit hours of graduate courses in theology to be transferred into the dually-credited and/or MDiv portion of the program from outside the Saskatoon Theological Union consortium. The length of time to program completion will not be shortened.

Ordination and denominational requirements

Applicants to the BTh-MDiv program intending to seek ordination in The United Church of Canada are encouraged to learn the church's requirements for candidacy and ordination. Students must be candidates for ordination by April 1 of the year in which the student intends to begin their Ministry Residency.

Applicants to the BTh-MDiv program intending to seek ordination in another denomination must present documentation from their denominational body supporting admission and outlining denominational courses to be taken in place of United Church denominational courses (PA 110; HA/SA 382). These denominational courses will normally be taken at another institution. The student and their denominational body will work with the Ministry Residency Coordinator to locate a Ministry Practicum and structure a Ministry Residency.

2a) Program Requirements:

This structure is based on the requirements for a Three-Year degree in Arts or Science at the University of Saskatchewan. In exceptional cases, students seeking to study at a different university will work with their St. Andrew's faculty advisor and the relevant university to develop an equivalent program.

This will be made up of 3-4 people who will commit to meeting with the student for a total of 15 hours over one or two years, to talk about what the student is learning, what they are experiencing as a student, how they might need support and care.
 2. Volunteer to work on a congregational/community committee for a period of at least one year. Committees such as Outreach, Education, Mission or Fellowship are good choices, as these committees of the College mirror these **OR** Volunteer and be elected to serve as a student representative on the Board of Academic Committee of St. Andrew's College for a period of one year.

At the end of the mandated time of the circle of support and the congregational/community committee service, St. Andrew's College must receive a letter that details the work done, signed by an appropriate member of the congregation/community. This letter shall be sent to the Registrar.

2c) Distance Education

In the exceptional case of a student in the dual BTh-MDiv program studying at a university other than the University of Saskatchewan, that student will complete the St. Andrew's Year 1 BTh courses through the online program. MDiv Year 2 must be taken on campus in Saskatoon. Ministry Residency is taken full-time, as a combination of half-time supervised ministry experience with half-time study; the courses are all offered as intensive courses in Saskatoon. SA 383 is offered as a two-part intensive course at various First Nations institutions/locations.

2d) Honours Option

Students can enter the Honours program during the MDiv portion of the program. See page 11 for further details.

2e) Ministry Practicum component of Ministry Residency – see page 12

Dual Degree students follow the same Ministry Residency guidelines as MDiv students. Please see page 12 for more information.

3. Master of Divinity (MDiv)

Program Goals and Admission Requirements

The purpose of the St. Andrew's MDiv program is to make theological education and ministry training accessible to as many persons as possible, and to provide excellent integration of academic and field-based training. The Master of Divinity degree represents the equivalent of four years of full-time theological study. The option of doing an Honours MDiv is available.

Program Goals

At the end of the Master of Divinity degree program, students should be able to:

1. Express faith through practice and critical reflection on one's self in ministry and the world
2. Demonstrate competence in justice-oriented ministry leadership in congregational life, the church, community and the world
3. Critically analyze and engage contemporary moral issues and ethical stances in our diverse, complex, and globalized society
4. Articulate the contexts of production and reception (including in modern faith communities) of biblical texts
5. Articulate and interpret key Christian theological concepts accessibly
6. Critically interpret and appropriate the history of Christianity (including The United Church of Canada)

Admission Requirements:

The usual requirement for admission for applicants to the MDiv program is a baccalaureate degree from a recognized university, or its education equivalent. Applicants who are currently enrolled in a bachelor's program, and who are one or two courses (up to 6 credit hours) short of completing a baccalaureate degree, may be admitted to the MDiv program, and may begin courses, on the condition that plan be put in place for the completion of the baccalaureate degree within the first year of enrollment at St. Andrew's College.

Applicants with significant life experience

While a baccalaureate degree is preferred, we recognize that many students have taken other educational tracks prior to seeking admission to St. Andrew's College. Applicants without a completed baccalaureate degree are required to have completed five full year courses (ten one-semester courses or 30 credit hours) at either: 1. A recognized university; or 2. A recognized university-transfer program. Their other post-secondary education will be assessed to determine if they have the educational

equivalent to a baccalaureate degree.

St. Andrew's College affirms the value of a broad education in the liberal arts prior to theological study. Exposure to the depth and breadth of the human experience is an essential part of the preparation for ministry. Courses in literature, history, psychology, sociology, fine arts, languages, philosophy, and the natural sciences are part of this preparation. As well, the education undertaken in such courses in critical analysis, reading, and writing is integral to the study of theology. It is for these reasons that the college insists on one year of university study prior to admission.

Ordination and denominational requirements

Applicants to the MDiv program intending to seek ordination in The United Church of Canada are encouraged to learn the church's requirements for candidacy and ordination. Students must be candidates for ordination by April 1 of the year in which the student intends to begin their Ministry Residency.

Applicants to the MDiv program intending to seek ordination in another denomination must present documentation from their denominational body supporting admission and outlining denominational courses to be taken in place of United Church denominational courses (PA 110; HA/SA 382). These denominational courses will normally be taken at another institution. The student and their denominational body will work with the Ministry Residency Coordinator to locate a Ministry Practicum and structure a Ministry Residency.

Ministry Residency is taken full-time, as a combination of half-time supervised ministry experience with half-time study; the courses are all offered as intensive courses in Saskatoon. SA 383 is offered as a two-part intensive course at various First Nations institutions/locations.

3d) Honours Option (for more details, see resources and policy handbook)

The Honours program requires:

- A grade average of 75% throughout the academic program;
- Demonstrated competence in either a second language (biblical or modern) or special preparation in the area of the thesis research;
- The presentation of an acceptable thesis (50-60 pages, 12,000-15,000 words) with a 200-word abstract. Competency in the second language must be demonstrated by the end of the second week of the term in which the thesis is to be presented. Two bound copies of the thesis are to be provided to the College Library at the student's expense. If a student successfully completes all of the course credits but does not successfully complete the thesis, the student may be given the degree without the Honours designation. The student must declare intention to pursue the Honours program before completing 54 credit hours of the MDiv program, i.e., before beginning Ministry Residency.

3e) Ministry Practicum Component

For more detailed information about the Ministry Residency, please see the Ministry Residency Guidelines handbook, available through the Registrar's office. As well, an abundance of information, including Ministry Residency Frequently Asked Questions, Evaluations Forms, United Church of Canada Supervised Ministry Handbooks, etc, is available at:

<http://www.usask.ca/stu/standrews/students/ministry-residency.php>

The Ministry Practicum (PA 380; 15 cr) consists of half-time supervised ministry while resident at one learning site for 20 months. Once students are approved as Candidates by their Candidacy Board, they gain access to 'Church Hub'. Students will use 'Church Hub' to find a suitable learning site.

Students who wish to do their Ministry Practicum outside of the Prairie Regions of The United Church of Canada must get authorization and seek cooperation from the Candidacy Board (of the UCC) or judicatory where they want to do their Ministry Practicum.

United Church students are appointed as Candidates at half-time to a community of faith, and are afforded the salary and benefits of such an appointment. Students who wish an appointment of more than half-time must apply to faculty for approval, which is not guaranteed. The College depends on the policies of The United Church of Canada for the Ministry Residency program. If the United Church changes its authorization, requirements or funding, the St. Andrew's program will change accordingly.

The United Church of Canada contributes financially to the Ministry Practicum for United Church candidates for ministry. Communities of faith can apply for learning site Salary Support grants and Moving Grants to help off-set costs. The committees of the church work to develop Ministry Practicum placements, but **cannot guarantee** such placement in a given year. Learning sites volunteer to take on oversight and much of the cost of this community-based learning. The ability to find learning sites is further challenged by individual student needs.

Students who wish to undertake an alternate Ministry Practicum must make a proposal to the faculty prior to October 1 for the following year; there is no guarantee of approval. Students who wish to undertake such a practicum are responsible for making all arrangements to the satisfaction of the Ministry Residency Coordinator; the Coordinator will assist in making arrangements for one pastoral ministry site within The United Church of Canada, but all other arrangements are the responsibility of the student. Students are responsible for attending all Learning Circles as scheduled.

Students have the option of applying for a Global Partner Overseas Placement through The United Church of Canada for up to half of the Ministry Practicum credit. Further details on this program are available from the Registrar. Participating in an Overseas Placement may extend the length of the program.

4) Application Procedures (Dual Degree and MDiv)

Applications for the MDiv or Dual Degree program are available through the Registrar's Office or online at <http://www.usask.ca/stu/standrews/programs/mdiv.php>

The following documentation is required: personal information, post-secondary background, recent employment background, an autobiography, a sample of academic writing, references, official transcripts and a non-refundable (\$75) application fee.

MDiv applicants must also indicate where they are in the Candidacy Pathway of the United Church of Canada and also include a financial statement of how your studies will be funded. Students are welcome to begin their MDiv studies prior to being named a candidate, but, as noted above, students must be candidates for ordination by April 1 of the year in which they intend to begin their Ministry Residency.

Once all requirements documentation and application fee have been received by the Registrar's office, the application will be shared with faculty for review. For a student to be admitted to St. Andrew's College, the college must be satisfied of their academic, vocational, and psychological fitness, and that their financial means are adequate. The Registrar will promptly notify the applicant of the decision regarding their application. Upon success, the student will receive a faculty advisor, course information and be eligible to register for courses.

Applications are welcome at any time and students can begin their studies during a fall or winter term. It is most beneficial to begin your studies at the beginning of an academic year (September start date) so we encourage all applications to be submitted prior to April 1. If you are submitting an application after this date, the application may not be approved until August.

**** International students need to provide the following additional requirement**

A: Meeting the English Language Requirement: *(see below)*

B: Ability to Finance Studies: *International Students must indicate on the application how they will be able to finance studies, including tuition, books, supplies, travel, transportation, living accommodation, meals and other daily expenses.*

5) English Language Requirement (International Students)

Conditional Admission

If you do not yet meet the English proficiency requirements (page 16) of St. Andrew's College at the time of application, and have met all other requirements for admission, you *may* be eligible for conditional admission to a degree program at St. Andrew's College and to receive a 'Conditional Letter of Acceptance'. This letter indicates that you have been accepted into a program at St. Andrew's College but cannot register for courses until you have either: achieved the required scores on an English Language program through the University of Saskatchewan Language Centre - (<http://learnenglish.usask.ca> phone-306-966-4351), achieved the TOEFL (or equivalent) test scores described below or an approved equivalent program specifically designed for academic study. Please be aware that applicants may also study to raise their English language scores to meet the minimum requirements before coming to Canada.

7) Formation Program

It is expected that the time that our students spend pursuing the on-campus component of their program will be enriched by their being part of a community of face-to-face learners, engaged in integration of academic disciplines, vocational and denominational formation, and community-building opportunities. Students in their residential semesters are expected to participate in the worship life of the College and the STU as part of their United Church and ecumenical formation. There are a number of opportunities for this.

7a) Welcome Week and Entry Colloquium

All students registering for a degree or diploma program at St. Andrew's College for the first time are to participate in the Entry Colloquium. The Entry Colloquium is offered in conjunction with Welcome Week events for students beginning their residential experience. Welcome Week and Entry Colloquium address such subjects as

- What is theological education?
- What is St. Andrew's College and what is its ethos?
- What do the programs look like?
- Who are the participants (Faculty, staff, students, etc.)?
- Orientation to library and its use for distance and intramural students.
- Study skills for various course models.
- Candidacy issues and relationships of programs to the church.
- Experiences of community building and worship.

The College may assess a small fee to cover the cost of meals and refreshment breaks; students are responsible for arrangement and payment of their own travel and accommodation. Students participating in the Colloquium may apply for bursary assistance to help defray costs.

7b) College Communities

Much of the life of the College revolves around work done by committees of College Council. Committees meet once a month; see the 2020-2021 calendar of dates in this handbook. Participation by students in the committee work will be considered a program requirement.

7c) Core Group

The purpose of Core Group is to provide opportunities for students to develop participatory and leadership skills for theological studies and for creating Christian community.

Core Group is a non-credit program requirement for all students; it is required for graduation, and attendance is mandatory. Each MDiv student requires at least two semesters of on-campus Core Group participation (during Year Two), and is required to participate for four semesters if Year One is taken in Saskatoon. Each BTh student is required to participate in on-campus Core Group every semester of full-time enrolment. Core Group facilitators are usually retired clergy and/or the Pastor-in-Residence. All work within Core Group remains confidential, unless all parties agree that an issue needs to be brought to Faculty or the Principal.

For 2020-21 on-campus Core Group will consist of a planning meeting in the fall, plus three-to-four group meetings per semester. The group meetings will be held once a month in a time slot set aside for Core Group.

7d) Retreat

During most fall terms, students, staff, faculty attend a Retreat and Community-Building day or weekend; often this event is held in conjunction with the other STU Colleges. Costs are partially subsidized by the College; students may be responsible for the remainder of the costs. Attendance at this event is expected as part of the students' commitment to an intramural year.

7e) ReJUNEvation

All program students are required to attend ReJUNEvation as part of their Program Based Requirements. Students are responsible for registration and payment for ReJUNEvation through the General Office.

Mark your calendars now for June 16-18. Rev.
