- Applicants for DMin: While it is not expected that every student will have a clear idea of the courses they would like to take or of the project research that they would like to carry out, and while it is expected that goals and interests will change and develop as studies progress, you are nevertheless encouraged to be as specific as you can at this stage in your thinking.

Please also attach a letter of confirmation from an STU faculty member stating that they have had conversation with you about your proposed thesis / project, and that they are willing to supervise your program and the thesis / project.

22. Applicants for DMin only:  
Please describe the plan you have worked out with your ministry site to integrate your DMin work into your ministry so that it becomes an essential component of that ministry—focus and time-wise—rather simply an external addition to it.

Please attach a letter from the relevant body or bodies (e.g., church board, parish council, bishop) at your ministry site demonstrating the site's support of your enrollment and their understanding of your time and their community commitment required.
